This simple device was developed
more to amuse than to divine the
future.

Its play is interesting and amus-
ing and will often "break the ice"
at a social gathering when more
complicated games fail.

Blue denotes Luck
Black " Success
Green " Travel
Orange " Wealth
Red " Love

The numbered block should
always be tossed with one of the
colored character blocks, and
answer obtained by referring to
following list:

BLUE (LUCK)

- 1- ● Your lucky month is the month of
May;
But so are all other months, I'd
say.
- 2- ● If you would change your luck
about,
Just wear a garment inside out.
- 3- ● A black cat is good luck for you,
All other dope you'll find untrue.
- 4- ● If you will wear a shade of brown,
You'll have good luck and gain
renown.
- 5- ● On Monday, if you start to roam,
You're bound to go away from
home.
- 6- ● For you an even number brings
The best of luck and other things.
- 1- ● Elusive luck will change her ways
If you wear green for seven days.
- 2- ● When luck begins to turn on you
Try wearing some one thing of
blue.
- 3- ● Lucky days, the best of all,
You'll find are early in the Fall.
- 4- ● If lucky you would be at sport,
With modesty you should comport.
- 5- ● Walking 'neath a ladder tall
Will bring luck, if it doesn't fall.
- 6- ● Seven and six and fifteen and
three
For you are as lucky as lucky can
be.
- 1- ● Three numbers odd and an even
one, too,
Will bring the greatest good luck
to you.
- 2- ● A lucky turn you'll likely see
If you will bet four times on three.
- 3- ● Next time you see a load of hay
Will be a very lucky day.

BLUE (LUCK) Continued

- 4- ● If you spill salt don't worry any;
It does not bring bad luck to many.
- 5- ● If you will give to one in need
You'll find you'll have great luck
indeed.
- 6- ● A song before breakfast will turn
bad luck over
It's better than finding a four-leaf
clover.
- 1- ● Be cheerful until the clock strikes
three
And luck will be with you soon
again.
- 2- ● Do a good deed today and another
tomorrow
And you will be able on good luck
to borrow.
- 3- ● Sunlight 'out beneath the skies
Will show you where much good
luck lies.
- 4- ● If you want good luck all the while
Don't borrow trouble, crack a
smile.
- 5- ● To be down cast and grumpy too
Will never bring good luck to you.
- 6- ● If misfortune comes your way,
Smile; and luck will change that
day.
- 1- ● To smile and be cheerful when
rain hovers o'er
Will make you as lucky as ever
before.
- 2- ● A ship you sent out some time in
the past
Will bring heaps of luck, and be
sure it will last.
- 3- ● Don't lose your nerve when for
stakes you are playing;
Luck goes to the boldest, is a very
old saying.
- 4- ● Laugh should Bad Luck come near
you some day,
And you'll find Good Luck will
chase it away.
- 5- ● Luck is quite a fickle sprite;
To catch it take the path "To
Right".
- 6- ● After all is said and done,
All Good Luck would not be fun,
- 1- ● Good Luck will come to you this
time and for year;
In fact, just now, it's hovering
near.
- 2- ● Good Luck will come if you could
see
A way to help some charity.
- 3- ● The straight road offers much
you'll learn;
Luck seldom follows roads that
turn.
- 4- ● A change of habit might help
some;
Your bad luck streak to overcome.
- 5- ● Don't blame your luck if short of
pelf;
Be up and doing - stir yourself.
- 6- ● Good Luck will treat you like a
brother
If you will share it with another.

BLACK (SUCCESS)

Is not the best road to Success.
- 2- ● Try taking just another step;
Success depends on lots of pep.

And then some more; it often
means fame.
- 4- ● Much idle gossip listened to
May chase success away from you

ascend
Unless your careless ways you
mend.
- 6- ● Try being thorough in all things;
Success and happiness it brings.

done;
Success, a shirker, likes to shun.

Without belief you won't have
skill.

itable too;
This state of mind, you'll surely

The best you'll find can't take
to wings.

Success;
There's lots more worth while,

Depend upon it, ere you're
through.

some;
Yours comes slowly; but it will
come.

fame;
More worth while things should
be your aim.

Might bring Success and joy your
way.
