**BOMBER BALL**

**Instructions**

Place boats and target board on level floor. The battleship is bombed by marble bombs. The plane-carrier and target board are to be bombed by the chalk bombs. One player or team first bombs targets with chalk bombs and other player or team uses marble bombs.

To start, adjust underslide of plane in position so as to close the four large holes in fuselage. Then load bomber by placing one bomb on each hole. Hold bomber above targets on floor and sight through small hole in front of bombs. Pull slide back slowly, releasing one bomb at a time. After all four bombs are released, add the total of the scores of the objectives hit. The player first reaching 1,000 points is the winner.

Chalk bombs should be rechalked for each bombing either with powder chalk or the cake of chalk furnished.
