

TRAVEL AMERICA (A JACMAR ELECTRIC GAME)

JACMAR MFG. Co.

70 Berry Street, Brooklyn N.Y.

DIRECTIONS:

The electric panel has 24 contacts-- 12 for questions and 12 stations for answers. When the player matches the correct question and answer, the light will flash. The light will not go on if the answer selected is not correct.

Jacmar Electric Games are designed to stimulate players to look further in the search for the answers to "Who", "What", "When", "Where" and "How".
