

DIRECTIONS

for playing the game of

"OUR DEFENDERS"

Our Defenders Game can be played by two, three and four players. Each player selects a different cutup figure and separates same. The first player spins spinner. If it points to figure he selected, he takes one cutup part of figure. Next player spins and plays in same manner. If spinner points to a figure other than the one selected, player loses his turn. The game is continued in this manner until one player has completed his figure. The first player completing his figure is the winner.
