

Bingo Puzzles

Ages 2 to 5

HOW TO PLAY: Each child picks a numbered puzzle and empties the pieces into a bowl or hat for the Bingo caller. The caller mixes the puzzle pieces together and draws one piece at a time, announcing the number on the drawn piece. The child with the matching numbered puzzle tray gets that piece and starts to build their puzzle. The caller continues to draw and call out the numbered pieces until one child completes their Bingo puzzle first! *Every player wins, and they get to keep their own puzzle as a party favor!*

Set 1: Puzzles are numbered 1-6.

Set 2: Puzzles are numbered 7-12.
