ROOK

The Most Popular Game in the World.

The greatest success in games for 50 years.
Played with handsome, finest quality
round-cornered cards (as pictured).

In addition to **ROOK** (the favorite game),
the great games "*Parkette*," "*I doubt it*,"
"*Flip*," "*High 14*," "*Panjandrum*," and other
game games are played with the same cards
Clear **RULES** for all. **10 GAMES IN ONE.**

Several of the games such as "*Flip*," and "*I doubt it*," are light, bright and spirited
others afford a field for deeper or more scientific play. Rules come for all. There are
games for all ages and tastes. Sold by all dealers or mailed postpaid for price, **75c** by

PARKER BROTHERS, Salem, Mass., or Flatiron Building, New York.

PLAY ROOK!

DIRECTIONS FOR PLAYING THE GAME OF HEARTS DICE

Copyright 1914 by PARKER BROTHERS, Inc.
Salem, Mass., New York and London

The letters on the dice are those embraced in the word "Hearts." The game is applicable to any number of players.

One player places the six dice in the shaking box and after shaking throws them upon the table. A player has but one throw at a turn.

UNLESS THE FIRST TWO LETTERS of the word are among those turned up on any dice, the player does not score and the turn passes to his neighbor. Each letter of the word after the first letter "H" turned up in order **counts 5 Points each** for the player. For instance, if among the letters turned up he can get the letters "H" and "E" he is **entitled to 5 Points** and for every additional letter in order, 5 Points. Thus, if "H-E-A-R" appears among the letters, on the six dice the player scores 15 Points.

A PLAYER DOES NOT SCORE for any letter turned up out of place. Thus, the letters "H-A-T-S" would not give any count, or if "H-E-R-T" turn up he only scores 5 Points; that is, the player **CAN ONLY COUNT THE LETTERS AS THEY APPEAR IN ORDER IN THE WORD.**

Any number of points can constitute the game,—100, 200 or more, as may be agreed upon among the players.

When the number of players is four or any even number above that, two or more may play as partners, in which case, the scores of partners are combined toward the total for the game.
