FUNNY FACE

(For 2 to 5 Players)

OBJECT: To be first to complete a funny clown face.
BEFORE PLAYING: Each player selects a clown face. Removable pieces are pushed out and placed in the plastic tray.

Players take turns spinning and first one to spin the clown face starts the game. Play then continues to the left.

PLAY: First player spins and takes the piece indi-

cated. He may only take one ear or eye at a time. If he already has the piece or both pieces, he takes nothing. If he spins the clown face, he takes another turn.

The seven pieces are interchangeable in all five funny faces. Each player tries to make the funniest face possible. The first player to complete his face is the **WINNER**. The last player to finish is a **FUNNY FACE**.
