

Windmill

(Lion Coffee game premium by Woolson Spice Company)

A Whole Half-day's Fun for the Children

Directions

With a pair of shears cut along the dotted lines, being careful not to cut anywhere else. Now take each corner that has a dot in, and bend it over until it meets the center (without creasing), at same time sticking a pin through the dot, and also through the dot in the center of the card, so that the pin sticks out behind. The point of the pin is then stuck into a lead pencil, or short stick of wood for a handle, and the child, by running with it or holding it in the wind or over a radiator, will get great fun from watching it whirl around.
